

A wonderful playful musical to the **GERMAN** Language for young children

The earlier a child is exposed to a foreign language the better. Time Magazine states, “The ability to learn a second language is highest between birth and the age of six....”

“Being bilingual, it turns out, makes you smarter. It can have a profound effect on your brain, improving cognitive skills not related to language and even shielding against dementia in old age.” The New York Times, March 17, 2012

This playful music “Mommy and Me” program for infants and toddlers and their caregivers’ supports language and musical development.

Participate with your infant or toddler for **45** minutes each week by singing & chanting in German, moving, dancing, listening, and playing simple instruments. Get ready to bounce, rock, wiggle, and play peek-a-boo.

- Features activities that bridge the natural connection between language, music and movement
 - Enhances your child’s language and musical aptitude and listening abilities
 - Establishes beginning German language sounds and words, as well as singing, listening, and meaningful movement

Experience our Mommy & Me class for the littlest ones...right here in NJ! Be amazed at how much fun it can be to sing, play and dance together while learning **GERMAN**.
